Mythic Paint

Mythic Paint (\$45.00/gallon) is a non-toxic, ultra-low odor paint. The paint provides the same durability and coverage as premium paint without the harmful VOC's (Volatile Organic Compounds) that contribute to greenhouse gases, global warming, and are linked to health problems. Available in a variety of colors, sheens, and finishes for both interior and exterior use.

Ruby Gudger, Pikesville, Maryland "This provided great coverage, color, and didn't streak!"

Paula Cooper, Anniston, Alabama "When I opened the can it was pre-mixed so well I only had to stir it a few times! The texture, color, quality, and "no paint smell" are amazing."

Hahnemühle Papers

Hahnemühle Papers (\$28) is genuine art paper available in a large selection of surface textures and shades. The FineArt papers can be used with all inkjet printers and are ideal for digital images due to their large color gamut, high black value, variety of surfaces, and feel of the mold-made and cotton papers. The certified archival grade paper is ideal for fine art photography, digital art, desktop publishing, and reproduction of paintings.

Diane Patterson, West Palm Beach, Florida "The ink seemed to meld into the paper creating an effect that does not look like just a photograph, but a great print ready for framing!"

Doris Beck, Forest Hill, Maryland "The variation in surface textures and shades is amazing. It produces beautiful colors with greater clarity than any other photo paper I have used before!"
